ALICE NGUYEN

SENIOR INTERIOR DESIGN STUDENT AT UNT

PROFILE

Motivated Interior Design student with strong skills in space planning, Revit drafting, FF&E selection, and design communication. Experienced in workplace, K-12 schools, higher education, hospitality, multifamily, residential, healthcare, international, and recreation center environments through internships and studio projects. Passionate about designing functional, inclusive, and visually engaging spaces that balance aesthetics, practicality, and a human-centered approach.

WORK EXPERIENCE

Grace Design Studios — Fort Worth, TX JUNE - AUGUST 2025

Summer Interior Design Intern

- Supported space planning, Revit documentation, FF&E selection, and finish sourcing across active design projects.
- Assisted with presentation boards, materials library updates, product research, and project deliverables to support concept development and client presentations.

Design To Wow — Frisco, TX DEC 2024 - MAY 2025

ASSISTANT INTERIOR DESIGN

- Managed material selection, pricing, and client coordination.
- Created mood boards and 3D models, supported marketing efforts.

PROJECTS

Dallas Park & Recreation Project — Dallas, TX

Grace Design Studios Intern

- Assisted with Revit drawings, material and finish selections, and presentation board development.
- Supported client meetings by preparing visual materials, digital presentations, and contributing to design coordination.

Grace Design Studios Office — Dallas, TX

Design Studio IV

- Designed an inclusive, wellness-focused workplace environment emphasizing user comfort and accessibility.
- Produced construction documents, high-quality renderings, and digital presentation materials to communicate the design concept effectively.

CASA COLORI VILLA — Positano, Italy

Design Communications

- Designed a Hans Hofmann-inspired vacation home in Revit, emphasizing open flow, vibrant color, and expressive spatial composition.
- Developed concept renderings using Midjourney, Vizcom, and Luma AI to communicate design intent.
