Letter of Recommendation  
Alice Nguyen

To Whom It May Concern:

I am privileged to offer this recommendation letter on behalf of Alice Nguyen. For the past two years, I have had the pleasure of teaching Alice in the Interior Design program at the University of North.

Alice is dedicated, motivated and a strong interior design student. Her attention to detail and thoroughness are evident in the execution of her designs and coursework assignments. Whether working as a collaborative team member or individually on projects, Alice's work reflects a strong commitment to sustainable, human-centered design. She approaches each project with thoughtful research, seeking innovative solutions that respond meaningfully to the needs of end users, and quickly picks up the skills and technologies required to execute her designs as envisioned.

Alice consistently demonstrates exceptional initiative. For example, in a class project on exploring various AI programs and their impact on design, she went beyond the required design poster and learned additional AI programs, produced multiple material boards and crafted a video accompanied by music. Due to her creative concept and excellent execution, her project was selected to be showcased in the University of North Texas Union exhibit "Beyond Control: AI's Influence on Design".

Alice's dedication to her work, enthusiasm, and academic skills leave me confident that she will continue to do well in the field of interior design and would make an excellent addition to your firm. Please do not hesitate to contact me if I can further assist you.

Sincerely,

*Jeannine Vail*
